

Equium 7300S Series

A powerful reduction in total cost of ownership.

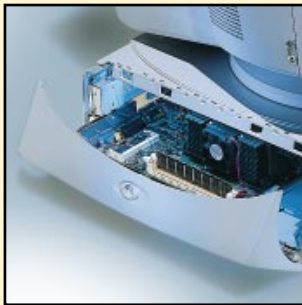

- Common motherboard ensuring greater security for your IT investment
- NLX architecture and Instant Access Door for easy access and fast hardware upgrades
- Latest Intel® Celeron™ processors for greater performance and flexibility
- Space-saving slimline design

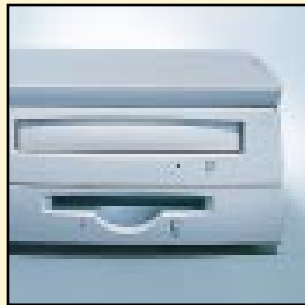

In Touch with Tomorrow
TOSHIBA

Take it from Toshiba. As a multinational business, we appreciate the importance of reducing the total cost of PC ownership. Which is why we are doubly delighted to present the latest evolution of our quality desktop range: the Equium 7300S series. Featuring a new, common motherboard to help you plan for the future with security, a range of configuration options to suit every application, Instant Access Door system and NLX architecture for easier hardware upgrades and maintenance, plus integrated manageability functionality for stress-free network administration. All in an elegant slimline case and with a price tag that will leave you pleasantly surprised. Only available from your official Toshiba dealer.

Reduced overheads: the Instant Access Door and NLX architecture make for easy access and fast hardware upgrades.

Improved flexibility: available with fast 40-speed CD-ROM drive.

Intelligent design: the Equium 7300S case can also be positioned vertically for an even smaller desktop footprint.

Powerful performance: the latest Intel® Celeron™ 466 and 500 MHz processors make light work of even the heaviest workload.

Variable components:

Chassis
Equium 7300S (slimline-chassis) for space savings

Processor
Intel® Celeron™ processor with 466 to 533 MHz with 66 MHz Front Side Bus, 128 KB 2nd Level Cache, Intel® 810 chipset

Memory
64 MB SDRAM expandable up to a maximum of 512 MB

Hard Disk
6 to 20 GB hard disk with Ultra ATA-66-technology

Diskette drive
3.5", 1.44 MB

CD-ROM
40-speed (max), data transfer 2,550 KB/sec (17x) up to 6,000 KB/sec (40x), average random access time: 80 ms

Standard equipment:

Equium 7300S Series
Instant Access Door, NLX Architecture. The chassis can be placed vertically in space-critical environments

Graphics adaptor
Down (integrated in 810 Chipset) Intel 752 graphics, SVGA-/VGA compatible, PCI Bus, 3D acceleration

External video modes
640 x 480
800 x 600
1,024 x 768
1,152 x 864
1,280 x 1,024
Up to 85 Hz refresh rate non interlaced

Keyboard
PS/2™ compatible keyboard with 105 keys, 12 funktion keys, Euro key

Mouse
PS/2™ compatible mouse

Sound System
Software Audio (AC '97), Sound Blaster® Pro compatible, MIDI & WAVE support

BIOS
Plug and Play, DMI 2.0, APM 1.2, ACPI, PnP 1.0a, DPMS, VESA 2.0, DDC2B, UDMA – 66, USB

Interfaces
2 x USB Ports (without external hub), serial, parallel, monitor, PS/2™ mouse/keyboard, line-out, microphone, external microphone

Expansion options
2 PCI expansion ports,
3.5" bay: 1x internal (used by hard disk drive),
3.5" front bay: 1 x (used by diskette drive),
5.25" front bay: 1 x (free when not used by CD-ROM drive)
memory expansion:
2 x DIMM sockets

Security
Protection against theft and misuse comes guaranteed with the locking system and various connections, for instance for padlock and double password systems

Other Features
Instant On™ function, system management capability (DMI 2.0), ACPI compatible, Wake-on-LAN, Intel® Ether Express™ Pro PCI, 100BaseTX and 10BaseT (in LAN models), Intel® LANDesk® Client Manager

Power
145 W

Size
409 mm x 377 mm x 98 mm, 8.8 kg (with CD-ROM drive)

Bundled Software
Windows® 95, Windows® 98 (dual boot installation) or Windows® NT 4.0, Toshiba utilities and drivers (all pre-installed on the hard disk)

Bundled Hardware
PS/2™ compatible mouse, PS/2™ compatible keyboard

Certificates
Blue angel for selected models

Warranty
3 year warranty, first year on-site service
