EQUIUM

The Equium 3300M/D series offers state-of-the-art technology, ease of use and outstanding quality at a highly affordable price. These entry-level PCs meet all the needs of demanding users by delivering intelligent hardware solutions that combine ample PC power with an uncompromising approach to convenience and ease of use. Ask your Toshiba dealer for details of these powerful but attractively priced business PCs.

Toshiba recommends Windows® 2000 Professional for business.

No hassle: the logical layout of the user controls ensures user-friendliness and convenience.

The Equium 3300 series features an optimised air cooling system for lower noise levels.

In addition to the standard diskette drive, an optional CD-ROM or DVD-ROM drive is available according to user wishes.

Colour-coded connectors and cables take the guesswork out of attaching peripherals to the Equium 3300M/D series.
